ABOUT ME

I am a passionate developer who creates innovative and efficient solutions. I specialize in using Javascript, Typescript and Python on the server side. I have advanced knowledge of frameworks and tools such as Node.js, Express, MongoDB, among others. I like to work in a team, learn constantly and face new challenges.

PROJECTS

Academy Core (API)

Stack: Typescript, PrismaORM, Sqlite3, Swagger, NodeJS, Express JS

[Github \(API\)](#)

LPG - Distributor (API)

Stack: Python, Fastapi, Swagger, PostgreSQL, Poetry

[Github \(API\)](#)

Quiz Game (Full)

Stack: Typescript, Sqlite3, NodeJS, Express JS, React

[Github \(APP\)](#)

[Github \(API\)](#)

EDUCATION

Universidad Nacional Experimental Rómulo Gallegos

Software Engineering Degree

September 2020 - Today

LANGUAGES

Spanish:
Native.

English:
B1.

KNOWLEDGES

- Typescript
- Javascript
- ExpressJS
- Fastify
- NestJS
- Swagger

- React
- NextJS
- MongoDB
- PostgreSQL
- Git
- Github

- Python
- Flask
- Fastapi
- Poetry
